1	4	Past Performance/Clause no. 7	The Bidder or its OEM (themselves or through re-seller(s)) should have supplied same or similar Category Products for 80% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.	The clause said Experience counts on the basis of 80% quantity of the value of licenses mentioned. As per the specification, 2 core licenses were asked, on calculation it turns to 110 licenses x 80% = 88 licenses, 88 x 2 cores (as per specs) = 176 cores. Clarification: Is this quantity (80%) asked based on no. of licenses or cores? if it is on the basis of licenses, request you to please change it to the total no. of cores supplied in a single order should be greater than 176 cores.	Mentioned point is general term in GeM Portal . For Eligibility criteria, refer Tender Document, Page No. 9, Clause 2, which needs to be satisfied by the bidder. Hence no change.
